

RESTAURANT SERVICE

ALLOCATED SEATING

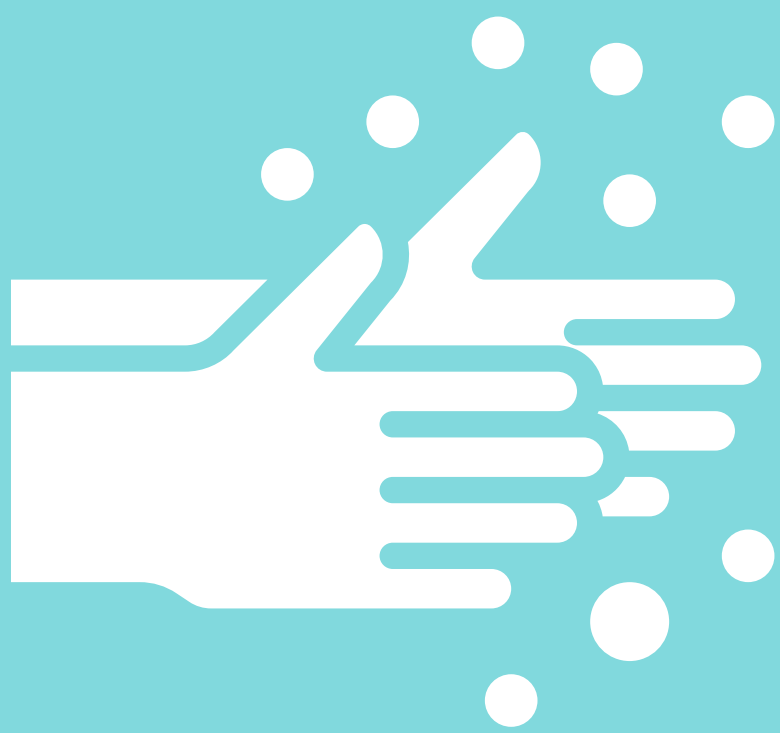

Our friendly staff will let you know your table number on arrival. This is your allocated seat, and we are unable to move you during busy days. This is so we can adhere to social distancing guidelines.

ORDERING

Your menu is already at your table, you will order with a designated staff member for your section. Cutlery & condiments will be brought once your order is underway.

Where possible please stack plates neatly to allow for our staff to clear without interrupting social distancing timing measures.

HANDWASHING FACILITIES

There will be two stations located at each entrance of the restaurant with hand sanitiser products. Our bathrooms also will stock these products along with soap and paper towels.

DEPARTURE

Following your meal we will take payment as contactless, using multiple transactions where needed. You are free to seat outdoors should you wish to stay for a drink after your meal, but please vacate your seat promptly to allow for next service turnaround, as your table will likely be needed to ensure social distancing is adhered to.

THANK YOU!
